ATR VERDICT: SPRING LANE showed a liking for decent ground when third in what looked an above-average bumper at Musselburgh last month and, forecast to get his favoured conditions again, he could prove difficult to beat under a talented pilot. Bhakti has struck the crossbar on both starts so far and should go close once again, while Gonow made an encouraging introduction here and has to be given a chance representing last year's winning connections.

Top Tip: SPRING LANE

Watch out for: BHAKTI
