ATR VERDICT: Spellchecker has been running to a fair level of consistency in this sphere lately and holds fair claims on the back of a respectable Musselburgh second latest. Preference, however, is for KILDONNAN, whose last run under Rules came in a relatively strong Wetherby contest, albeit 12 months ago, and who recently advertised his wellbeing with a creditable point-to-point second. Now operating at this level, the selection must be considered a danger to all. Harmony Brig is another returning from a productive spell between the flags and is also worth considering.

Top Tip: KILDONNAN

Watch out for: HARMONY BRIG
