ATR VERDICT: LATE DATE was travelling menacingly at Ayr last month before unseating on the far side of the course and perhaps today is the day for Micky Hammond's charge. The six-year-old could still be well handicapped off a mark of 100 and he can get the better of recent Musselburgh scorer Sammy B. The latter has gone up 4lb for that success but shapes as though better is expected next season when making his bow over the larger obstacles. Ronaldinho looks best of the remainder.

Top Tip: LATE DATE

Watch out for: SAMMY B
