ATR VERDICT: MOON OF BARODA posted his best effort yet when second over 1m6f at Sandown last time and is a potential improver now dropping back in distance. The fitting of first-time blinkers could be a source of immediate improvement for the consistent Vision Clear, while Silver Crescent could appreciate the step back up to 1m4f, over which he finished a half-length second at Wolverhampton in May, after finding 1m2f on the sharp side at Newbury latest.

Top Tip: MOON OF BARODA (6)

Watch out for: SILVER CRESCENT (4)
