**ATR VERDICT:** Special Mission is edging ever closer towards that elusive first success but may have to settle for another supporting role because GRIPPER showed good resolution to break through over track and trip last time, and is only 1lb higher. Seinesational has held his form well in defeat since a Windsor/Brighton brace early in the summer, and Zihaam has gone close several times since his last victory, although his ability to handle the all-weather must be taken on trust.

**Top Tip:** GRIPPER (7)

**Watch out for:** SPECIAL MISSION (6)
